

Mobile Content

The Mobile Content & Entertainment market is the first 'pay for product' sector that has really captured the public imagination.

We offer a constantly updated library of the latest content and a 'white label' web site, providing you with everything you need to compete in this lucrative marketplace.

We will also provide you with:

- Individual Premium rate numbers.
- Short codes ordering service if required.

Content includes:

- Standard Operator Logos (two colour)
- Monophonic Ringtones
- Standard Screensavers (two colour)
- Animated Screensavers (two colour)
- Wall papers
- Polyphonic Ringtones
- Colour Screensavers
- Downloadable Java Games
- Crazy Voicemails
- Weekly updated top 10

Square1 work with many of the UK's largest content providers to offer you a service that suits your needs.

Please call and let know your specific requirements.
